

# FLEPPC PHOTO CONTEST WINNERS

JEFFREY HUTCHINSON, UF-IFAS, CENTER FOR AQUATIC AND INVASIVE PLANTS

Category: Category I Close-Up

*Macfadyena unguis-cati*, cat's-claw vine flower

## DEBBIE CHAYET, PINELLAS COUNTY PARKS & RECREATION

Category: Natural Area Landscape Infestation

"It won't die!!" *Syngonium podophyllum* (arrowhead vine – foreground) and *Nephrolepis cordifolia* (sword fern – background). These two species had been treated with Roundup at 10%. The *Syngonium* yellowed a bit but did not die. A small strip of *Nephrolepis* died but most was unaffected. The photo was taken in an oak hammock at the edge of Maple Swamp.

FLEPPC Photo Contest Winner:  
**ADAM GRAYSON, ALLSTATE RESOURCE MANAGEMENT**

Category: Before / After Control

Flamingo Gardens is a not-for-profit botanical garden and wildlife sanctuary in Davie, Broward County, Florida. Our initial treatment targets included cattail, water primrose, Bischofia, wetland nightshade, carrotwood, rubbervine and torpedograss, to name a few. For control we used foliar applications of glyphosate and triclopyr. The before shot was taken in August 2003 and the after shot was taken in May 2004. The initial treatment and a subsequent replanting was done as a cooperative effort between the South Florida Aquatic Plant Management Society and Allstate Resource Management as a donation to Flamingo Gardens to help restore their wetland area.
